MEMORANDUM FOR THE DIRECTOR

SUBJECT: NPIC Recruitment

1. In response to your query of 22 October, I met with representatives of DD/S and DD/I yesterday to discuss the current and projected NPIC recruitment program.

2. A number of ideas were put on the table as to how we might successfully cope with this problem with or without the assistance of men of the stature of [redacted] I requested that within one week a presentation be prepared which will give you an analysis of the requirement and a projected plan of how the requirement should be met based upon the following facts and assumptions:

a. NPIC now has a ceiling strength of [redacted] and has [redacted] personnel on duty, 25X1

b. they have been authorized an increase to [redacted] in Fiscal Year 1967, 25X1

c. we will assume for the purposes of this study that it will be necessary to expand to [redacted] within the next five years, and 25X1

d. we will also assume that we can solve all other associated problems, such as space, security clearances, etc., so that new personnel can enter on duty as fast as NPIC can absorb them into their activities.
